From Director's Desk

It's my pleasure to handover the eighth (8th) issue of our college newsletter. It's the bunch of various innovative activities. Through Staff and Student Corner, the exposure is given to express their thoughts. This newsletter includes importance of Artificial Intelligence at workplace. Right from Assembly, we try to inculcate various skills and values among our student trainees. Reach cultural heritage of our country is introduced through various activities.

Various days celebration like Savitribai Phule Jayanti, Dr. B.R. Ambedkar Jayanti, Shivaji Maharaj Jayanti, Vasant Panchami, Yoga, and Zumba, etc are planned and executed by our student trainees under the guideline of our teaching faculty. The cultural program 'Karva-2025' gave exposure to the potential of staff and students. The school connect workshop created positive bond among College of Education and Higher Secondary Schools, The students visited our college campus with their teachers. Practice Teaching and Internship is the soul of training colleges. So we try to give focus on various types of lesson plans to inculcate teaching skills among our student trainees. It's helpful for the Campus Recruitment through Placement Cell, Workshop like, 'Stress Management, Guest Lecture on Financial Awareness and Fraud Awareness, Created Awareness about cyber security.

Two days International Multidisciplinary Conference was the remarkable programme of our college. Near about 150 participants availed the intellectual and innovative knowledge. 166 Research Articles were published by the delegates from four countries and Nine States in Journal with ISSN and High Impact Factor 7.00, in five journals. The keynote speech delivered by Vice Chancellor, Professor V.N. Magre on, Integrating Wisdom and Technology: IKS, AI and Human Resilience for Sustainable Future was unique and versatile.

Academic front was carefully handled by all teaching staff. That's why the moderation of student trainees practical work was smoothly done by external observer appointed by SPPU, Pune. We are thankful to our management for their kind support to organize various activities and programmes throughout the year. So, hundred percent result and placement is possible. I would like to congratulate the editorial team for their continuous effort to publish the 8th issue of Newsletter.

Thanks and best wishes to all.

Director
Dr. Meena Kute
SSR College of Education, Silvassa.

Impact of AI on Teacher Work Culture

AI transforming the role of teachers from mere knowledge providers to facilitators, mentors, and learning coaches. It is emphasizing the importance of human skills, like empathy, creativity, and critical thinking, in teaching and learning. It has transformed traditional teaching methods. AI is encouraging teachers to adopt more innovative and flexible teaching methods, incorporating technology and data-driven approaches.

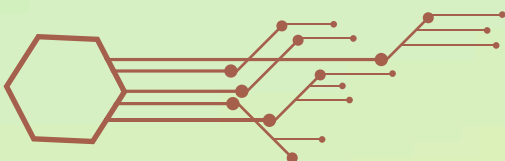

Positive Impacts of AI on Teacher Work Culture

- **Enhanced productivity:** AI can automate administrative tasks, freeing up teachers' time to focus on teaching and learning.
- **Personalized learning:** AI-powered tools help teachers tailor instruction as per students' needs, abilities, and learning styles.
- **Data-driven decision making:** AI can provide teachers with real-time data and insights to inform their instruction and improve student outcomes.
- **Professional development opportunities:** AI can facilitate teacher professional development by providing personalized coaching, mentoring, and training.

Negative Impacts of AI on Teacher Work Culture

- **Job displacement concerns:** The increasing use of AI in education has raised concerns about job displacement and the potential for AI to replace human teachers.
- **Changes in teacher roles and responsibilities:** AI may require teachers to take on new roles responsibilities such as AI trainer.
- **Increased workload and stress:** Integrating AI into teaching practices can increase teachers' workload and stress levels, particularly if they are not adequately trained or supported.

Depersonalization of teaching: The over-reliance on AI-powered tools can lead to a depersonalization of teaching, potentially undermining the human relationships and interactions that are essential to effective teaching and learning.

Dr. Sarika Patel
I/C Principal
SSR College of Education, Silvassa.

THE FUTURE OF WORK : INVOLVEMENT OF AI AT WORK PLACE

As in this generation we know that technology are being so advanced as it continues to change the way we live & work. Artificial Intelligence (AI) is a machine that does many tasks which was once done by humans. Automation is a machine Making this faster, more efficient & sometimes even more accurate.

AI is used by everyone and adapting to use the tools like Chat GPT for productivity and of fields like Content-generation, and design. This helps in Completing tasks more effectively and efficiently, reducing time and efforts while improving accuracy. This helps to improves productivity since machines work faster, make fewer mistakes, and do not get tired. However, AI cannot replace humans in all areas. Jobs that require critical thinking, creativity, and emotional understanding .

AI is used in many fields to improve work and efficiency. In manufacturing, it helps with automation. In education, it supports learning and grading. Transport uses AI for self-driving and traffic control. Businesses rely on AI for customer service and data analysis. Gaming benefits from AI for better player experiences. In healthcare, AI helps with diagnoses and patient care. Overall, AI is changing the workplace by making tasks easier and faster.

Despite its benefits , as I feel that AI also raises concerns ,such as many peoples are having a fear that AI will take over all jobs, but this not enterily true. As Some professions require human emotions, judgement & and Creativity things that AI Cannot fully understand and replicate.

Instead of fearing AI , we should Learn how to use it for our benefits. It is a tool that Can Make our work efficient but human potential remains unmatched. It is a key that supports humans in their work not to replacing it. At the end of the day, we sholud know that the AI is here to assist not to replace.

Ms. Juhi Rajan
F.Y. B.Ed.(Batch 24-26)
SSR College of Education.

Savitribai Phule Jayanti-

Cultural Coordinator- Dr. Bhagirath Pande

3rd Jan.2025

Celebration of Vasant Panchami

Programme Incharge - Dr. Vinu Agarwal

03/02/2025

On 03/02/2025, our college celebrated Vasant Panchami with great enthusiasm and reverence. The event was organized to honour Goddess Saraswati, the embodiment knowledge, art, and music, and to mark the onset of the spring season. The program commenced with the traditional Saraswati Pooja, where Principal, faculty members and students gathered to seek the blessings of the goddess. The photo of Goddess Saraswati was beautifully adorned with yellow flowers, symbolizing prosperity and energy.

The fragrance of incense sticks filled the air, creating a spiritual ambiance. The principal delivered an inspiring speech, highlighting the significance of Vasant Panchami and the importance of knowledge and wisdom in a student's life. This was followed by a cultural program organized by the students, including devotional song, classical dance performance, and poetry recitations dedicated to Goddess Saraswati.

Managing Change & Stress Management

Coordinator: Mrs. Snehal Mahajan

Date: 7th February 2025

Managing change & Stress Management workshop was conducted in SSR College of Education on 7th February 2025. The program started with Saraswati Vandana. The principal of the college, Dr. Meena Kute, welcomed the guest and said that the children get an opportunity to learn many things from various workshops, the children must take advantage of it.

The main objective of this workshop is to understand the nature of change and its impact on individuals and teams. Identify personal stressors and their triggers. Develop practical strategies for coping with change effectively. Create a personalized action plan for managing change and stress in their specific context. In this session Ms. B.K. Jignaben and B.K. Vijay Bhai from Brahmakumari's Centre Topic was Managing change & Stress Management that was wonderful session The anchoring of the program was done by Ms. Komal & Siddhi. Student Development Officer Mrs. Snehal Mahajan thanked everyone.

Ms. Sidhi Gupta done anchoring for the program.

Celebration of Shivaji Maharaj Jayant

Incharge :- Mr. Nandkishore Bodhke

19/02/2025

The ceremony began with the traditional lighting of the lamp, symbolizing the dispelling of darkness and the beginning of an auspicious occasion. Principal Dr. Meena Kute performed the honours. Ms. Siddhi and her group presented a soulful and patriotic group song that set the tone for the day. The selection of the song 'Shivabaa ra Majha Shivbaa ra' was particularly apt, invoking a sense of pride and admiration for Shivaji Maharaj. Ms. Juhi and Ms. Sushmita captivated the audience with their graceful and energetic dance performance. Their choreography of Bharatnatyam was beautifully portrayed. Mr. Kushank and his group presented a dynamic Lezim dance, a traditional Maharashtrian folk dance. The energetic performance, with its rhythmic movements and colourful attire, was a visual treat and showcased the rich cultural heritage of Maharashtra. Ms. Sheetal delivered a heartfelt vote of thanks, expressing gratitude to the performers, organizers, faculty, staff, and students for their contributions in making the event a success. The historical Movie "Chhava" was screened, providing the audience with a cinematic portrayal of Sambhaji Maharaj. The screening served as an engaging and informative way to learn more about Shivaji Maharaj's life and times.
